

Phishing attempts leading up to **Cyber Monday**

Most attempted attacks took place before **before** Black Friday.

SHOPPERS **BEWARE!**

Phishing attempts correspond with mainstream advertising campaigns before big shopping days.

3 Steps you can do right now to protect yourself from phishing attacks.

STEP 1

www.anazon.com/donotbefooled

amazon...really?

Check the authenticity of the URL or website address before clicking on a link.

STEP 2

https:

A URL address with **HTTPS**

Ensure online retailers and banking sites use secure connections

STEP 3

https://mail.yourmail.com

★ Real Store <realstore@emails.fakestore.com>
To:you@yourmail.com

Real Store

TODAY'S SPECIAL - LIMITED TIME!

UP TO **90% OFF**

Check the sender's address

Inspect the source of emails with enticing shopping deals; be wary of all links and attachments
